PROFILE

Frontend-focused Computer Science student experienced in developing responsive, multi-page web applications. Proficient in transforming UI/UX designs into functional, database-driven interfaces.

EDUCATION

BSc in Computer Science

FAST-NUCES 2023 – 2027

SKILLS

- **Frontend:** HTML5, CSS3, Bootstrap, JavaScript, React, jQuery
- **Design & Tools:** Figma, Git, GitHub
- **Backend & DB:** PHP, SQL, Oracle, Express.js, MongoDB
- **Languages:** C++, Python, C, Assembly

PROJECTS

Gamified Learning Platform

React.js, JavaScript, HTML, CSS, Express.js, MongoDB

- Built a full-stack educational platform with subject-based levels, quizzes, XP rewards, streak tracking, and progress monitoring.
- Implemented REST APIs and dynamic quiz logic for real-time scoring, achievement tracking, and personalized learning.

Smart Campus Automation System

Python, AI/ML

- Built a modular AI-driven campus automation system routing student, instructor and staff requests through an intelligent multi-stage pipeline.
- Designed core AI components including a custom ANN (perceptron + 3-layer MLP with backpropagation) for urgency classification and a rule-based knowledge engine for authorization.
- Implemented a CSP-based scheduler for conflict-free room allocation and search algorithms (BFS, DFS, A*, UCS) for real-time campus navigation.

Banking System

PHP, SQL, Oracle, HTML, CSS

- Solely owned the frontend in a group project, building a transaction history dashboard rendering live Oracle DB records in a structured HTML table.
- Wired frontend forms to a PHP backend to handle deposits, withdrawals, and balance queries end-to-end.

Hospital Booking Website

HTML, CSS, Bootstrap, JavaScript

- Built a 4-page responsive hospital site using Bootstrap's grid system for consistent cross-device layout.
- Implemented an appointment booking form with client-side structure, enabling patients to select a doctor and submit requests directly from the site.

EXPERIENCE

Marketing Intern

FAST-NUCES Multan Jun 2025 – Aug 2025

- Contributed to a university admissions campaign, supporting outreach efforts to prospective students across digital and on-ground channels over a 2-month period.

EXTRACURRICULARS

- TEDx FAST- Marketing Team: Promoted speaker sessions and managed event visibility across campus channels.
- AIESEC FAST - Marketing Team: Supported global youth initiative campaigns and recruitment drives.
- Job Fair - Usher 2024 & 2025: Coordinated student and employer flow at FAST's annual career fair.
- DAIRA - Event Management 2024 & 2025: Helped organize FAST's flagship tech and cultural festival across both years.
